Buying Jewelry and Banking

It's a matter of confidence you have in your banker with whom you
do your banking; instead of giving you gold bricks when you pre-
sent your check it's legal tender the world over.

A jewelry store is in the class with banks and is judged according to
the class of goods and merchandise they handle. If it's goods of
standard quality and reputation, the next thing to consider is the
price. We handle nothing but dependable goods and wares. We will
always invite a comparison of goods and prices on Diamonds,
Watches, Silver-plated Ware, Solid Silver and Cut Glass.

I'M WELL INSURED

When the fire bell sounds and the fire companies go
racing to a fire, the man who can say "I'm well insured"
has a sense of security that the other man who carries his
own risks knows nothing about. Good insurance adds to the
comfort of your sleep at night, and takes a worry from your
day thoughts. I represent the very cream of insurance
companies. Let me fix you up a policy that protects.

GREAT ELEVATOR BURNED

The New York Central Railway Chicago Eleva-
tor Destroyed Today---One Man Killed.

(Herald Special.)

Chicago, April 29.—One fireman is
dead and two other persons are miss-
ing and six were seriously injured as a
result of a great fire which destroyed
the grain elevator of the New York
Central Railway here today, causing
a million dollar loss. Firemen fought
the flames during a terrific electric
storm. It is supposed the fire was
started from the lightning. A number
of firemen started into the burning
building, when a terrific explosion of

grain dust followed and Lieutenant
McElcott Stanley was killed. A num-
ber of similar explosions occurred
while the elevator was burning.

Up to noon Peter Cooper, one of
the missing firemen, had not returned
home, and it is thought certain that
he lost his life. He was at the side
of Stanley when the latter was killed,
and it is now thought he was buried
under the ruins. An agent of the ele-
vator company places the property
loss at a million and a quarter dol-
lars.

MEHMED IS A REFORMER KILLED GIRL STUDENT

Cuts Off Scores of Attaches to the
Palace and Other Supernumeraries
of Government.

(Herald Special.)

Constantinople, April 29.—Sultan
Mehmed V inaugurated a sweeping
policy of economy today by cutting off
scores of attaches from the palace
civil list, and by removing hundreds
of supernumeraries from the govern-
mental departments. Several thousand
persons have been discharged at a
savings of millions to the government.

There is the highest authority to-
day for the statement that the young
Turks intend eventually to court mar-
shal Abdul Hamid. If this is done his
execution is highly probable, as the
young Turks would not care to take
this action unless they had sufficient
evidence to insure a conviction on a
penal offense.

The hiding place of Abdul's for-
tune is worrying the young Turks,
who are convinced that he has mil-
lions hidden. It is believed by many
that the threat to court martial is
really for the purpose of making Ab-
dul disgorge.

(Herald Special.)

North Hampton, Ia., April 29.—
Helen Marden of Summerville, Mass.,
a Smith College senior, was shot on
the college campus this morning
by a Dartmouth student named Smith,
who after shooting the young lady
shot himself dead. The young lady is
reported in a dying condition.

Miss Marden died at 11:30 this
morning. It is reported that Smith
and the young woman became en-
gaged last year during the Christmas
holidays, and that the engagement
was later broken by the young wo-
man. Smith made several attempts
to renew the engagement, coming
several days ago to renew his
efforts. He was walking with the wo-
man on the campus when he fired the
shots. The woman screamed after
the first two shots, and fell when she
was shot the third time. Smith then
calmly put the revolver to his tem-
ple and sent a ball crashing through
his brain, dying instantly.

SNOW AND SLEET IN NORTH

Wisconsin In Grasp of Worst Storm of Years.
Snow and Rain Snap Telegraph Lines.

(Herald Special.)

Milwaukee, Wis., April 29.—Wiscon-
sin is today in the grip of the worst
storm of years, and there is almost
no connection between this city and
the outside world. As far as the
state is concerned there is practical-
ly no communication. Last night's
rain and snow snapped the telephone
and telegraph wires all over the state.
The railroad service is also crippled

for want of wires to handle the trains.

In Minnesota.

(Herald Special.)

St. Paul, Minn., April 29.—The mer-
cury fell here to thirty-two degrees
above zero last night, and snow and
sleet flurries have been in progress
for the past twenty-four hours. At
Edmonton and Albert the temperature
ranges six degrees above zero.

GLYCERINE EXPLOSION FAMILIES HAVE A FIGHT

Four Men Killed and Four Badly Hurt
as Result of Explosion in Glyce-
rine Mixing House Today.

(Herald Special.)

Tamaqua, Pa., April 29.—Four men
were killed and four others badly in-
jured as a result of an explosion in a
glycerine mixing house today of
the Potts Powder company at Rey-
nolds, four miles south of here. The
cause of the explosion is believed to
have been grit. The grit became
mixed with the explosive in the grind-
ing mill.
